

PAX E700

CorePOS transforms the checkout into a modern, elegant retail experience. Designed to help stores put the customer first, CorePOS streamlines every sale with smart tools, smooth workflows, and real-time insights.

PAX E700 enhances CorePOS with a sleek all-in-one Android™ terminal that combines a large touchscreen, integrated printer, and dual displays for seamless cashier-customer interaction. Its compact design and powerful performance make it ideal for busy retail environments. CorePOS turns the E700 into a full-service checkout hub, with real-time inventory sync, integrated payments, and centralized control across all store operations.
